

# Advocating for Affordable Quality Healthcare

“The federal government has approved Hawaii’s request to expand its medical insurance program for the poor, making it possible for 29,000 more people to qualify for healthcare.”

-Honolulu Advertiser  
Saturday, February 4, 2006

Tracy helped successfully lobby the Federal government to secure over \$100 million in new Federal funds for the healthcare expansion of 29,000 people!

With U.S. Surgeon General Vice Admiral Richard Carmona and DHS Director Lillian Koller

*As your Representative, I pledge to continue advocating for affordable quality healthcare for all.*

## Reducing The Cost Of Prescription Drugs

Tracy amended and successfully implemented the Hawaii Rx Plus Program

  
Tracy drafted and successfully lobbied for the passage of the State Pharmacy Assistance Program bill!

“The state anticipated problems in the change-over and established a Pharmacy Assistance Program special fund to cover costs for the so-called dual eligible clients.”
